# **Montana Medicaid Notice**

## **Rural Health Clinics, Federally Qualified Health Centers**

---

### **NPIs Will Be Required for Attending Providers**

When National Provider Identifier (NPI) is implemented on October 1, RHCs and FQHCs will be required to include the valid NPI of the attending provider on the UB-04 claim form when billing Montana's Healthcare Programs. All RHCs and FQHCs should ensure that their attending providers have reenrolled with Montana's Healthcare Programs *and* obtained their own NPI. Providers can reenroll online at [www.mtmedicaid.org](http://www.mtmedicaid.org) and NPIs can be obtained by visiting the National Plan and Provider Enumeration System (NPPES) website at <https://nppes.cms.hhs.gov/NPPES/Welcome.do>.

### **Contact Information**

For claims questions or additional information, contact Provider Relations:

**Provider Relations toll-free in- and out-of-state: 1-800-624-3958**

**Helena: (406) 442-1837**
